Summary

As a current B.E. student specializing in AI & ML at Sathyabama University, Chennai, I have developed practical skills through projects in machine learning, including power supply demand and stock market prediction. I also have experience with web development projects using AWS, showcasing my ability to apply theoretical knowledge to real-world applications.

Education

Sathyabama University   **2021-2025**
8.82   B.E CSE(AI&ML)

Projects

POWER SUPPLY DEMAND

Predicting the power using past data

STOCK MARKET PREDICTION

Predicting the stock using past data

LEAVE APPLICATION USING AWS
